**Re: Rescission of Total Coliform Monitoring Violation for: Blue Sky Heights WUA Clancy,
PWSID: MT0000030, Class: C**

Dear Stanford Becker:

This letter notifies you that the Department of Environmental Quality has closed the Health Advisory issued on **January 21, 2015** to the Blue Sky Heights WUA Clancy. This closure is based on proof of public notice that was received on January 22, 2015, and five or more routine samples collected on February 5, 11, 17, 18, and 26, 2015 that showed no presence for coliform bacteria.

Blue Sky Heights WUA Clancy can remove any public notices that have been posted and notify users of the system that the Health Advisory issued on January 21, 2015 is no longer in effect. Please return to a regular sampling schedule. Sample(s) should be labeled to appropriately reflect distribution samples (DS001 /SP001). If you have any questions or comments, please contact me at the number listed below.

Sincerely,
